Star-Tech Marine Electronics, Inc. is your Gulf of Mexico region dealer and service provider for the MDL Fanbeam® laser range and bearing system, the world's leader in vessel dynamic positioning. This single or multiple target positioning and tracking system is repetitive and highly accurate for marine vessels and static and semi-static anchored structures.

**WITH LASER-GUIDED PRECISION!
DON'T GET CAUGHT OUT OF POSITION EVER AGAIN!**

The versatile MDL Fanbeam® has many applications, including:

- ⊙ Dynamic Positioning
- ⊙ Collision Avoidance
- ⊙ Dredging Control
- ⊙ Hydrographic Survey
- ⊙ Construction Barge Positioning
- ⊙ Traffic Control
- ⊙ Anchor Control
- ⊙ Jacket Installation
- ⊙ Pipe Tow Out Positioning
- ⊙ Tanker Mooring
- ⊙ Docking Control
- ⊙ Replenishment at Sea
- ⊙ FPSO Shuttle Tanker Positioning
- ⊙ Mine Counter Measures
- ⊙ Walkway Monitoring
